amazon (amazon.com) is a multinational technology company focusing on e-commerce, cloud computing, digital streaming, and artificial intelligence. It is one of the world's most valuable companies, with a market capitalization of over \$1 trillion. Amazon is known for its wide selection of products, fast shipping, and customer-centric approach. The company's headquarters are in Seattle, Washington, and it has numerous fulfillment centers and offices worldwide. Amazon's primary business is e-commerce, but it has expanded into various other industries, including entertainment, healthcare, and financial services. The company's success is largely attributed to its innovative business model and its commitment to customer satisfaction.
